Error BLveEngPolicyAlloc::FindPolicyBasis() : **Fail to match a Policy String Range**

Warning BLveEngMainLoop::ExecuteOperation : Annual is not applicable.

Reason:

The above error message imply that system is not able to initialise ANNUAL LEAVE because it failed to match the setting at Leave Policy.

Steps (Reverse Checking):

1. Go-to Leave > Modules > **Leave Details**.
2. Select employee and click on [POLICY] tab. Check what leave policy is being assigned to to the employee.
3. Go-to **Leave Policy**. Select the Leave Policy ID and check the Basis.

Example:

Range Basis: Section Go-to Leave Details to check SECTION for this employee go-to

Leave Policy to check if the SECTION is defined in the setting.

4. Go-to Leave Modules > **Career Progression**. Select employee, at the lower Category, if employee has 3 career progression records, check to ensure each record has a VALID Category.
5. Try to initialise the leave again. Go to leave module - process leave - click on "Initialise" button - select leave policy and year accordingly / click on "Next" / select specific leave type / click on "Next" button / double click specific staff record and move to right side / confirm.
