Ensure to do a backup for before starting the steps below

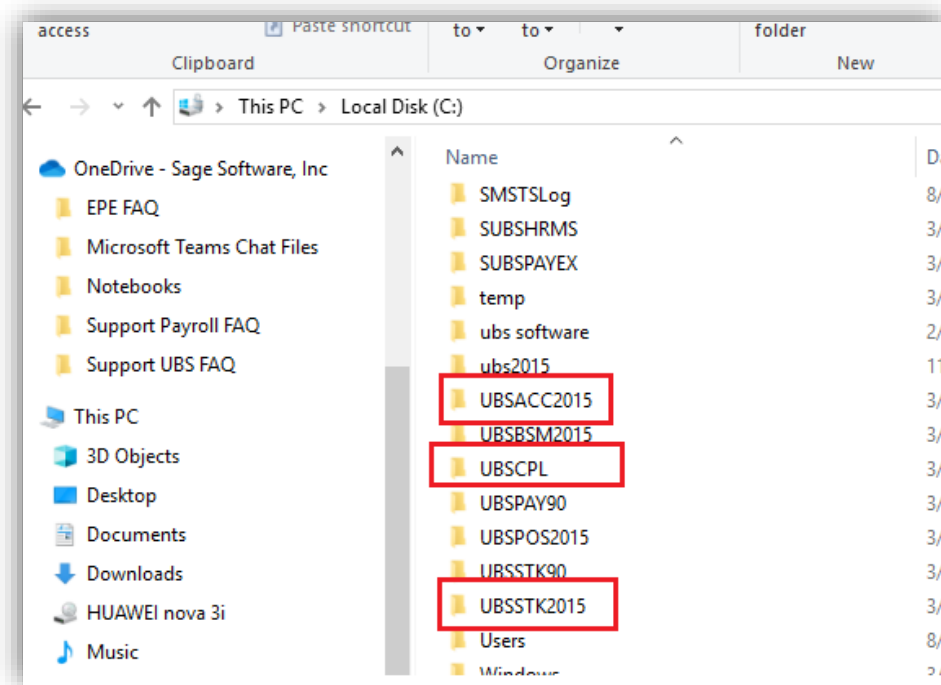

Step 1 : Deactivate UBS license in old PC.

- a. Go to Manage License > License Wizard > tick "I would like to deactivate my license over the internet" > Next ****make sure the PC is connected to the internet****

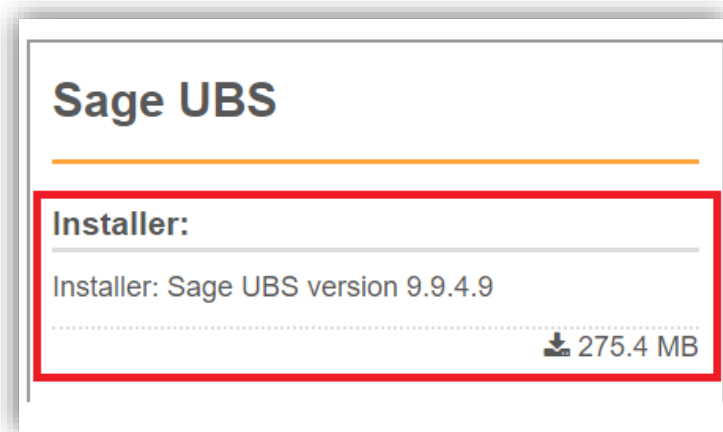

Step 2 : Transfer Data

- a. Go to Local Disk C:// > Copy UBSACC2015, UBSSTK20115 and UBSCPL into a external drive

Step 3: Paste the Copied folders into the new PC's Local Disk C://

Step 4: Install Sage UBS latest version from <http://download.sage.my/>

Step 5: Activate License

- a. Go to Manage License > License Wizard > tick "I would like to activate my software over the internet"

****The data copied will be added in the Sage UBS by using this steps, therefore there won't be any requirement to restore backup unless necessary.****
